## Case Studies

### End to End Automated Online Marketing

One of our clients in the insurance sector wanted a robust web based CRM solution to track, consolidate and classify millions of leads online. Our CRM solution was tailor-made for the insurance industry to automate internet marketing. The brokers could collect potential leads from different web sites, categorize and effectively manage them through relevant communication strategies. The streamlining of the entire process has led to a 60% increase in lead generation.

### Anytime, Anywhere Radiology Solutions

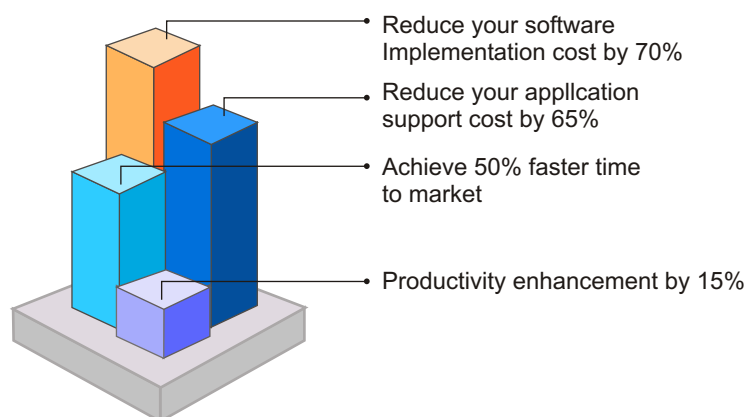

Leo Technosoft's development team has partnered with a radiology services company to build and develop a solution to study x-rays online via internet and mobile. The solution was developed as a SAAS product. This next generation image converter subscribes to healthcare standards laid down by HL7 and is HIPPA compliant.

## Key Benefits

- ✓ Eliminate risk on new technology projects
- ✓ Improved fit between architecture and business requirements
- ✓ Scalable and manageable solutions
- ✓ Seamless Communication
- ✓ Continuous support for delivered solutions

## Competitive Advantage

We offer bespoke technology and IT solutions at a fraction of the original cost, guaranteed to maximize ROI, empowering companies with a distinct competitive edge and sustained value-add.

## Our Infrastructure

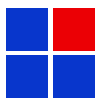

Leo Technosoft has a centrally located state-of-the art development center in Pune, India. Our project management offices are located in Florida USA, UK, Canada and Australia.

### The key features of our high-end infrastructure include:

- Fully networked work space
- Top-of-the rack 32-bit and 64-bit machines for development
- Redundant and load balanced Internet links
- Fully secured and fire-walled to maintain integrity and protection of client data
- Video conferencing and voice chat facilities
- On time Help Desk Support
- 100 % power back up for uninterrupted work flow
- Password protected access to client data
- Program Management Teams close to clients time zone
